## **Intelligent Transportation Society of Georgia Announces Election of Officers and Directors**

GREENSBORO, GA (September 20, 2011) – The Intelligent Transportation Society of Georgia today announced the election of officers and directors for the 2012 – 2013 term. The newly elected officers and directors were introduced to more than 135 attendees at ITS Georgia’s annual meeting and exposition at Reynolds Plantation on Lake Oconee, Georgia.

Elected president to a two year term was Scott Mohler of URS, elected vice-president was Tom Sever of Gwinnett County Department of Transportation, re-elected secretary and treasurer were Kristin Turner of Wolverton and Associates, Inc. and Christine Simonton of Delcan, respectively.

Elected to the board of directors were: Grant Waldrop, Georgia Department of Transportation (GDOT); Mark Demidovich, GDOT; Susie Dunn, Atlanta Regional Commission; Carla Holmes, Gresham Smith and Partners; Eric Graves, City of Alpharetta; John Hibbard, Atkins; and, Keary Lord, Douglas County Department of Transportation.

“The newly elected, or re-elected, board members will join Kenn Fink of Kimley-Horn, Patrece Keeter of DeKalb County and Bayne Smith of URS to help provide guidance and steer the ITS Georgia officers to continue to provide excellent service to our members and the state of Georgia,” said retiring ITS Georgia President Marion Waters. “ITS Georgia is indeed fortunate to have such an excellent group of transportation professionals, representing a broad cross-section of the industry, as new leadership.”

“I want to express my gratitude to the chapter for allowing me to serve as president for these past two years. Our chapter, consistently recognized as one of the best in the country, continues to grow, supporting transportation scholars, fulfilling professional development

requirements and keeping our members up to date on the latest advancements in intelligent transportation solutions,” said Mr. Waters.

### **About ITS Georgia**

The Intelligent Transportation Society of Georgia is a group of organizations that support Intelligent Transportation Systems (ITS) technology as a way to significantly reduce congestion and improve the performance, safety and efficiency of our transportation system. ITS Georgia provides a forum for advocacy, facilitation, integration, and for learning more about ITS. ITS Georgia members include federal, state and local transportation agencies, ITS technology and service providers, large private and commercial transportation system users, universities, and other interested parties with missions that involve, or are affected by, the transportation system. Visit [www.itsga.org](http://www.itsga.org) for more information.
