**Delcan Corporation promotes Ms. Christine Macaulay to Principal**

Atlanta, Georgia, Monday, May 4, 2009 – Delcan Corporation, an award winning, multi-disciplinary engineering, management and technology consulting firm, is pleased to announce that Ms. Christine Macaulay has been promoted to Principal. Delcan's Principal and Vice Presidential Programs reward team members for their strong leadership and technical skills and contributions made to our corporation's growth and success.

Christine Macaulay, an Auburn University alumnus, has worked at Delcan since 2006 and currently serves as the Area Manager for Delcan's Southeastern Region. Ms. Macaulay possesses expertise in the development and implementation of Intelligent Transportation Systems (ITS), Transportation Engineering, and Emergency Transportation Operations with an emphasis in Incident Management. Ms. Macaulay has been responsible for managing regional projects that have directly improved traffic incident management and congestion. Ms. Macaulay currently serves as the Treasurer for the Metro Atlanta Traffic Incident Management Enhancement (TIME) Task Force and Secretary for the Intelligent Transportation Society's (ITS), Georgia Chapter.

"Christine's promotion to Principal is a much deserved recognition. During the past year, Christine has served in a dual role providing critical leadership for Delcan's Southeastern Region and serving as a Project Manager for our Emergency Transportation Operations Division. Christine's broad expertise and ongoing dedication has had a significant impact on both our company and the larger transportation community. I congratulate Christine upon her promotion" said Lester Yoshida, President of Delcan's Systems Business, National Operations.
