“World Fiber Technologies, Inc. is proud to announce a new team member to the World Fiber Technologies, Inc. team of Professionals.”

Mr. Michael Holt, P.E., P.T.O.E., has joined the company as Vice President of Engineering and will be responsible for developing an Engineering Practice at World Fiber Technologies, Inc. Mike has 20 years of experience in the public and private sectors. Mike’s most recent experience includes a position as a principal and project manager with a local engineering firm where he managed many projects with Georgia DOT and local governments throughout Georgia, which included: statewide safety projects design, statewide traffic signal design, statewide ITS design, arterial signal and ITS designs, and a transportation management center. Mike has managed ITS design-build projects in Florida and North Carolina, and he has served as a project engineer and QC engineer for ITS projects in Tennessee and Mississippi. Mike is a graduate of Clemson University where he received his Bachelor of Science degree in Civil Engineering

We are all proud to have Michael Holt join our team and bring with him another layer of professional services and experience to World Fiber Technologies, Inc., our clients and our industries.

Please help us welcome Mr. Michael Holt to the World Fiber Technologies, Inc. Team and family.
